CONCEPT DESIGNING

MANUFACTURING

PLANT AUTOMATION

Truck Loader / Unloader

We are one of the prominent manufacturer and supplier of unique range of Truck loading Unloading conveyor system. Our offered ranged products are available in customized specification as per the requirement. We fabricate these products by using premium grade raw material and advanced technology .

Benefits :-

- It is equipped with reverse/forward switch which helps you in both loading and unloading Purpose.
- It comes with telescopic hydraulic system for height adjustment which can be from 3 ft. to 13 ft. from ground.
- It reduces labour cost with its heavy duty gearbox motor which consume 2 unit/hr. that cost nearly about 16-18 rs./hr.
- In the era of time management it also helps you to save time which make it even more desirable due to its capacity of transferring bags or boxes from 800 -1000 per hour.
- It is installed with control panel and VFD which helps to control its speed as per your Requirement .
- Additional feature of its counting sensor helps you to count no. of bags load or unload from truck accurately even in your absence.
- Its pneumatic tyre and handle helps you to relocate its position very easily.
